Draw a Rhododendron: Clustered Trumpet Blooms Step by Step

Original tasks 1, 2 / independent work

Task 1

Draw one rhododendron trumpet bloom facing the viewer. Use a narrow tube, a flared mouth, and five soft lobes. Add a short stem.

Task 2

Draw a cluster envelope with four bloom centers. Place four trumpets at different angles, allowing one overlap. Do not erase the envelope yet.

Draw a Rhododendron: Clustered Trumpet Blooms Step by Step

Original tasks 3, 4 / independent work

Task 3

Add three leathery leaves to a branch below a bloom cluster. Make each leaf elongated and curved downward, with a central vein.

Task 4

Refine a cluster of three trumpets by connecting mouths with small overlaps and adding light shading under the cluster. Keep individual flowers readable.
