Petunia Drawings: Trumpet Petal Construction and Bloom Clusters

Original task 1 / independent drawing and calculation

Task 1

Draw a single bloom with a 5 cm wide face oval and a throat oval one-third that width. Add four seam lines and scallops between them.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Petunia Drawings: Trumpet Petal Construction and Bloom Clusters

Original task 2 / independent drawing and calculation

Task 2

Arrange three blooms in a cluster. Make the second bloom overlap the first by about one-third of its width, and the third overlap the second similarly. Draw stems to the throats.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Petunia Drawings: Trumpet Petal Construction and Bloom Clusters

Original task 3 / independent drawing and calculation

Task 3

Add vein lines to one bloom: no more than three veins per seam gap, starting at the throat and thinning toward the rim. Shade the throat darkest and the rim lightest.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Petunia Drawings: Trumpet Petal Construction and Bloom Clusters

Original task 4 / independent drawing and calculation

Task 4

Draw two overlapping blooms and shade only the back bloom's edge inside the overlap. Then check that the overlap shadow is darker than the flare but lighter than the throat.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Full drawing sheet / reusable blank workspace

Reusable full drawing sheet for Tasks 1 to 4. Print another copy when needed. Keep all original task measurements; if a task specifies larger paper, use that paper size.
