Draw Realistic Flames: Core, Tongue, and Ember Shading

Original task 1 / independent drawing and calculation

Task 1

Draw a flame 8 cm tall with a 3 cm wide base. Divide it into three equal zones. Shade the tip medium-dark, the tongue light-medium, and leave the core nearly white. Place 7 embers outside the silhouette, with 5 above the middle line.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Draw Realistic Flames: Core, Tongue, and Ember Shading

Original task 2 / independent drawing and calculation

Task 2

Draw a flame that leans slightly to the right. Keep the core near the base, curve the tongue consistently right, and place 6 embers outside the silhouette, mostly on the right side.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Draw Realistic Flames: Core, Tongue, and Ember Shading

Original task 3 / independent drawing and calculation

Task 3

Draw a flame with a softly split tip. Keep both tip branches short and shallow. Shade the tip darkest, the tongue middle, and the core lightest. Place 8 embers outside the silhouette, with at least 2 isolated specks.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Draw Realistic Flames: Core, Tongue, and Ember Shading

Original task 4 / independent drawing and calculation

Task 4

Draw a flame 10 cm tall with a 4 cm wide base. Use a hypothetical example of 9 embers: 3 close together near the upper right, 2 close together near the upper left, and 4 isolated specks spread between them. Keep the core nearly white.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Full drawing sheet / reusable blank workspace

Reusable full drawing sheet for Tasks 1 to 4. Print another copy when needed. Keep all original task measurements; if a task specifies larger paper, use that paper size.
