Tundra Plants Drawing: Shape and Texture Study

Original task 1 / independent drawing and calculation

Task 1

Draw a lichen crust with height 5 millimeters. Use dots for texture and leave at least half the interior unmarked. Label the patch outline, interior lobes, and gaps. Check that width is between 15 and 25 millimeters.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Tundra Plants Drawing: Shape and Texture Study

Original task 2 / independent drawing and calculation

Task 2

Draw a low shrub with width 40 millimeters. Use clumps for leaf clusters and short strokes along branches. Label the central stem, branches, and leaf clusters. Check that height is about 20 millimeters.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Tundra Plants Drawing: Shape and Texture Study

Original task 3 / independent drawing and calculation

Task 3

Draw a cushion plant with width 24 millimeters. Use short strokes for texture and leave at least half the interior unmarked. Label the dome outline, radiating lines, and ground line. Check that height is about 8 millimeters.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Tundra Plants Drawing: Shape and Texture Study

Original task 4 / independent drawing and calculation

Task 4

Draw a lichen crust with width 18 millimeters. Use cross-hatching as an alternative texture mark and leave at least half the interior unmarked. Label the patch outline, interior lobes, and gaps. Check that height is between 3.6 and 6 millimeters.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Full drawing sheet / reusable blank workspace

Reusable full drawing sheet for Tasks 1 to 4. Print another copy when needed. Keep all original task measurements; if a task specifies larger paper, use that paper size.
