# Draw a Kawaii Puppy: Oversized Head, Simple Body

Original tasks 1, 2 / independent work

## Task 1

A drawing has a head height of 10 cm and a body height of 7 cm. Using the lesson convention, state the target body height and whether the current body is too tall or too short.

## Task 2

A head is 6 cm tall. The eye line is placed 4 cm down from the top. Is the eye line above or below the head midpoint, and what is the midpoint value?

# Draw a Kawaii Puppy: Oversized Head, Simple Body

Original tasks 3, 4 / independent work

## Task 3

Two eyes are placed on an eye line. From the midline, the left eye center is 2 cm away and the right eye center is 4 cm away. Describe the symmetry issue and a simple fix.

## Task 4

A puppy drawing has a head height of 9 cm and a body height of 4 cm. State the target body height, whether the body is too tall or too short, and one rounded-feature check.
