American Bully Drawing Guide: Head, Build, and Stance

Topic reference / ordinary illustration

Ordinary topic reference. Hypothetical dimensions in the four tasks are supplied in their own text; this illustration is not their measured answer.

American Bully Drawing Guide: Head, Build, and Stance

Worked example / complete source key

A drawing uses HU = 2 cm. The skull is drawn 2.0 cm wide, the chest 2.6 cm wide, and body length 4.6 cm. Check these against the guide values (skull 1.1 HU, chest 1.4 HU, body 2.2 HU) and state adjustments.

Answer: Skull: 2.0 cm ÷ 2 cm = 1.0 HU, slightly narrow; widen to about 2.2 cm (1.1 HU). Chest: 2.6 cm ÷ 2 cm = 1.3 HU, slightly narrow; widen to about 2.8 cm (1.4 HU). Body length: 4.6 cm ÷ 2 cm = 2.3 HU, slightly long; shorten to about 4.4 cm (2.2 HU). After adjustment, chest (2.8 cm) is wider than skull (2.2 cm), and body length is 2.2 HU.
