Bunny Contour Drawing: Outline-Only Edge Practice

Original task 1 / independent drawing and calculation

Task 1

In a 6 cm by 6 cm box, trace a long bunny ear curve from tip to base. The ear curve starts at the top left of the box, curves right, and returns to the bottom left. Draw the trace as one continuous line.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Bunny Contour Drawing: Outline-Only Edge Practice

Original task 2 / independent drawing and calculation

Task 2

A bunny faces right. The head height is 2.5 cm and the body length is 4 cm. Using a simple ratio, state whether the body length is about 1.5 times the head height, and explain your arithmetic.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Bunny Contour Drawing: Outline-Only Edge Practice

Original task 3 / independent drawing and calculation

Task 3

A contour drawing of a bunny has an outer contour, one interior line for an ear overlap, one interior line for a paw overlap, and light shading under the chin. Identify the mistake and state the fix.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Bunny Contour Drawing: Outline-Only Edge Practice

Original task 4 / independent drawing and calculation

Task 4

You are drawing a bunny whose feet rest on a baseline. The back foot is marked at 1 cm above the baseline and the front foot is marked at 0 cm above the baseline. State the correction needed and describe how to check it.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Full drawing sheet / reusable blank workspace

Reusable full drawing sheet for Tasks 1 to 4. Print another copy when needed. Keep all original task measurements; if a task specifies larger paper, use that paper size.
