Cross-Contour Face Drawing: Surface Lines for Cheek, Nose, and Brow

Original task 1 / independent drawing and calculation

Task 1

A face outline is 12 cm wide. You mark a cheek zone 3 cm in from the outline and a nose zone 2 cm from the center. Draw two cheek lines and two nose lines with hypothetical 6 mm spacing. State where each line turns.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Cross-Contour Face Drawing: Surface Lines for Cheek, Nose, and Brow

Original task 2 / independent drawing and calculation

Task 2

Draw one brow line above an eyebrow on a 10 cm forehead curve. The line starts 3 cm from the center and ends 5 cm from the start. Describe the turn and give a spacing check for a second brow line at a hypothetical 7 mm spacing.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Cross-Contour Face Drawing: Surface Lines for Cheek, Nose, and Brow

Original task 3 / independent drawing and calculation

Task 3

A student draws three cheek lines that are all parallel and do not change direction. Identify the problem and describe a corrected version using the convention.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Cross-Contour Face Drawing: Surface Lines for Cheek, Nose, and Brow

Original task 4 / independent drawing and calculation

Task 4

On a face outline, place two nose lines and two brow lines. One nose line touches the outline; one brow line becomes an eyebrow hair. Fix both and state a check method.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Full drawing sheet / reusable blank workspace

Reusable full drawing sheet for Tasks 1 to 4. Print another copy when needed. Keep all original task measurements; if a task specifies larger paper, use that paper size.
