Skeleton Negative Space Drawing: See and Draw the Gaps

Original task 1 / independent drawing and calculation

Task 1

A plate shows an arm gap 2.0 cm wide and a leg gap 3.0 cm wide in a hypothetical scale. Draw both gaps and state the ratio of leg gap to arm gap.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Skeleton Negative Space Drawing: See and Draw the Gaps

Original task 2 / independent drawing and calculation

Task 2

A skull outline contains an inner gap 4.0 cm wide and 5.0 cm tall in a hypothetical scale. Draw the inner gap and calculate its approximate area as width times height.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Skeleton Negative Space Drawing: See and Draw the Gaps

Original task 3 / independent drawing and calculation

Task 3

A plate shows 5 gaps between ribs with widths 0.6, 0.8, 0.7, 0.9, and 0.5 cm in a hypothetical scale. Draw the five gaps and find their total width.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Skeleton Negative Space Drawing: See and Draw the Gaps

Original task 4 / independent drawing and calculation

Task 4

A plate shows a gap between the arm and torso that is 2.5 cm wide at the top and 1.5 cm wide at the bottom in a hypothetical scale. Draw the gap and state the difference between top and bottom widths.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Full drawing sheet / reusable blank workspace

Reusable full drawing sheet for Tasks 1 to 4. Print another copy when needed. Keep all original task measurements; if a task specifies larger paper, use that paper size.
