Draw Yourself as a Superhero: Worksheet Design Guide

Topic reference / ordinary illustration

Ordinary topic reference. Hypothetical dimensions in the four tasks are supplied in their own text; this illustration is not their measured answer.

Draw Yourself as a Superhero: Worksheet Design Guide

Worked example / complete source key

A learner draws a figure with a cape and boots. They write the power 'Super Jump' and the action 'Jumps 2 metres high'. They write the limit 'Only three jumps per minute'. They draw a star emblem inside the box and tick cape, boots, and belt. Check the worksheet against the conventions.

Answer: The power lines are filled with a measurable action and a limit. The emblem is inside the box. Three checklist items are ticked, which is below the target of four. The learner should add one more costume item, such as gloves or mask, and tick it. Handwritten labels should be checked with a ruler for baseline-to-midline x-height.
