Car Contour Drawing: Single-Line Edge Practice

Original task 1 / independent drawing and calculation

Task 1

Blind contour: look only at a side-view car reference for 60 seconds (hypothetical example) and draw its outline inside a 10 cm by 15 cm box without looking at your paper. Keep the pen on the paper.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Car Contour Drawing: Single-Line Edge Practice

Original task 2 / independent drawing and calculation

Task 2

Guided tracing: trace the roofline, the front wheel arch, and the side window edge separately from a simple line reference. Use one continuous stroke per edge and label each edge with a short curvature note.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Car Contour Drawing: Single-Line Edge Practice

Original task 3 / independent drawing and calculation

Task 3

Single-line car: draw a full side-view car contour in one continuous line, starting at the rear lower body. Include two wheel arches and one window edge. Do not shade or add spokes.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Car Contour Drawing: Single-Line Edge Practice

Original task 4 / independent drawing and calculation

Task 4

Error correction: draw a single-line car contour, then mark one place where you lifted the pen or added shading. Redraw only that section as a continuous crossing or remove the shading.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Full drawing sheet / reusable blank workspace

Reusable full drawing sheet for Tasks 1 to 4. Print another copy when needed. Keep all original task measurements; if a task specifies larger paper, use that paper size.
