Landform Sketch Plate: Draw and Label Mountain, Valley, and Coast

Original task 1 / independent drawing and calculation

Task 1

In the mountain area, draw a peak 3 cm above the dashed baseline. Make the left slope reach the baseline 2 cm left of the peak and the right slope reach the baseline 4 cm right of the peak. Add downhill arrows and label peak, slope, and base.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Landform Sketch Plate: Draw and Label Mountain, Valley, and Coast

Original task 2 / independent drawing and calculation

Task 2

In the valley area, draw a dashed baseline 6 cm long. Place the valley floor at the center, 1 cm above the baseline. Draw two side lines rising to rims 2 cm above the floor. Add arrows pointing down toward the floor and label valley floor, side slope, and rim.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Landform Sketch Plate: Draw and Label Mountain, Valley, and Coast

Original task 3 / independent drawing and calculation

Task 3

In the coast area, draw a dashed waterline 6 cm long. Draw a solid curved coast edge on the land side that stays within 1 cm of the waterline. Add an arrow from land toward water and label land, coast edge, and water.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Landform Sketch Plate: Draw and Label Mountain, Valley, and Coast

Original task 4 / independent drawing and calculation

Task 4

On a plate with three equal areas, draw all three landforms using the convention. Use a dashed baseline or waterline in each area, solid landform edges, at least one arrow per area, and labels outside the outlines. Then self-check with the rubric.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Full drawing sheet / reusable blank workspace

Reusable full drawing sheet for Tasks 1 to 4. Print another copy when needed. Keep all original task measurements; if a task specifies larger paper, use that paper size.
