# Cloud Drawing Type Worksheet: Sketch and Label Cumulus, Stratus, and Cirrus

Topic reference / ordinary illustration

Ordinary topic reference. Hypothetical dimensions in the four tasks are supplied in their own text; this illustration is not their measured answer.

# Cloud Drawing Type Worksheet: Sketch and Label Cumulus, Stratus, and Cirrus

Worked example / complete source key

Sketch a cloud that is a wide, flat band with a mostly straight top and bottom, then label it. Describe the outline and the label box placement.

Answer: Draw a horizontal band about three times as wide as it is tall. Keep the top and bottom edges mostly straight, with small soft bumps at the ends. Draw a label box directly below the band and write 'stratus' inside. The outline matches the flat cue, and the label matches the outline.
