Coin Drawing Worksheet: Face and Edge Views with Labels

Original task 1 / independent drawing and calculation

Task 1

A coin has a hypothetical diameter of 30 mm and a thickness of 2 mm. Draw both views and label rim, field, and edge. Use a triangle emblem.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Coin Drawing Worksheet: Face and Edge Views with Labels

Original task 2 / independent drawing and calculation

Task 2

A coin has a hypothetical diameter of 50 mm and a thickness of 4 mm. Draw both views, label the parts, and add a ring of six small dots as the emblem.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Coin Drawing Worksheet: Face and Edge Views with Labels

Original task 3 / independent drawing and calculation

Task 3

A coin has a hypothetical diameter of 24 mm and a thickness of 1.5 mm. Draw both views and label the parts. Add a small square emblem rotated 45 degrees.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Coin Drawing Worksheet: Face and Edge Views with Labels

Original task 4 / independent drawing and calculation

Task 4

A coin has a hypothetical diameter of 36 mm and a thickness of 3 mm. Draw both views and label the parts. Add an emblem of three concentric circles.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Full drawing sheet / reusable blank workspace

Reusable full drawing sheet for Tasks 1 to 4. Print another copy when needed. Keep all original task measurements; if a task specifies larger paper, use that paper size.
