Butterfly Drawing and Writing Worksheet: Symmetry Guide and Short Response

Original task 1 / independent drawing and calculation

Task 1

A drawing shows the body on the guide, left lower wing 4 cm from the guide, and right lower wing 4 cm from the guide. The upper wings are missing. What should be added, and how would you check it?

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Butterfly Drawing and Writing Worksheet: Symmetry Guide and Short Response

Original task 2 / independent drawing and calculation

Task 2

A learner writes one sentence: 'My butterfly is blue.' The label bank words are wing, antenna, and body. What is missing from the writing task?

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Butterfly Drawing and Writing Worksheet: Symmetry Guide and Short Response

Original task 3 / independent drawing and calculation

Task 3

A drawing has the body 2 cm to the right of the guide. The left upper wing is 3 cm from the guide and the right upper wing is 1 cm from the guide. Describe one fix and one check.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Butterfly Drawing and Writing Worksheet: Symmetry Guide and Short Response

Original task 4 / independent drawing and calculation

Task 4

A learner writes four sentences, but most letters sit above the midline and words run together. The drawing is balanced. Is the writing acceptable, and what is one fix?

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Full drawing sheet / reusable blank workspace

Reusable full drawing sheet for Tasks 1 to 4. Print another copy when needed. Keep all original task measurements; if a task specifies larger paper, use that paper size.
