Draw a Character from Traits: A Worksheet Guide

Original tasks 1, 2 / independent work

Task 1

Trait list: brave, curious. You have a drawing box 12 cm wide and 18 cm tall. Describe a figure that shows both traits using one posture cue, one expression cue, and one prop cue for each. State where the props sit in the box.

Task 2

Trait list: shy, curious. A hypothetical example box is 15 cm by 20 cm. Describe a figure that shows both traits. Use a posture cue, an expression cue, and a clothing or prop cue for each. Explain one change you would make if the shy cue disappeared.

Draw a Character from Traits: A Worksheet Guide

Original tasks 3, 4 / independent work

Task 3

Trait list: brave, shy. Describe a figure that shows both traits without using any props. Use posture and expression only. State one valid alternative expression for the brave trait.

Task 4

Trait list: curious, brave, shy. Describe a figure that shows all three traits. Use at least one cue per trait and keep the total number of cues to six or fewer. State how you would check that no trait is missing.
