Sea Bass Contour Drawing: A Line-Only Study

Topic reference / ordinary illustration

Ordinary topic reference. Hypothetical dimensions in the four tasks are supplied in their own text; this illustration is not their measured answer.

Sea Bass Contour Drawing: A Line-Only Study

Worked example / complete source key

A student draws a sea bass body outline as one continuous line, adds the dorsal fin as a separate contour meeting the body at two points, and draws the gill cover as a curved line. The student also adds short lines inside the body to suggest scales. Score the four assessable rubric items (body outline, fin groups, gill cover, no interior marks) and state one fix.

Answer: Body outline continuous: 2 points. Dorsal fin separate and meeting at two points: 2 points. Gill cover single curve: 2 points. No scales or shading: 0 points because interior scale lines appear. Total for the four assessable items: 6 out of 8. Fix: erase the interior scale lines so only the body outline, fin edges, and gill cover remain.
