Cross-Contour Bird Drawing: Wrapping Lines Around Form

Original task 1 / independent drawing and calculation

Task 1

A described bird body is 10 cm long and 6 cm wide. Plan four body cross-contour lines with hypothetical spacing of 1 cm, 1.5 cm, 2 cm, and 2.5 cm from chest to tail. Describe where each line starts and ends and how it curves.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Cross-Contour Bird Drawing: Wrapping Lines Around Form

Original task 2 / independent drawing and calculation

Task 2

A described wing is a teardrop 7 cm long and 3 cm wide at its widest. Plan three cross-contour lines from leading edge to trailing edge with hypothetical spacing of 1.5 cm and 2 cm. Describe their curvature and where they stop.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Cross-Contour Bird Drawing: Wrapping Lines Around Form

Original task 3 / independent drawing and calculation

Task 3

A described bird has a body 9 cm long and 5 cm wide. You draw three body lines with even 2 cm spacing. Explain why this may look flat and describe one adjustment using hypothetical values.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Cross-Contour Bird Drawing: Wrapping Lines Around Form

Original task 4 / independent drawing and calculation

Task 4

A described bird body is 8 cm long. You plan lines at 1 cm, 2 cm, and 3 cm intervals from chest to tail. Check whether the total planned distance fits the body length and state a correction if needed.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Full drawing sheet / reusable blank workspace

Reusable full drawing sheet for Tasks 1 to 4. Print another copy when needed. Keep all original task measurements; if a task specifies larger paper, use that paper size.
