Ball Python Scales Drawing: Head and Body Pattern Layout

Topic reference / ordinary illustration

Ordinary topic reference. Hypothetical dimensions in the four tasks are supplied in their own text; this illustration is not their measured answer.

Ball Python Scales Drawing: Head and Body Pattern Layout

Worked example / complete source key

On a head outline 6 cm wide, place a crown blotch, two eye bars, and two jaw stripes using the convention. Then mark three body blotch centers alternating left and right.

Answer: Crown blotch centered on midline, about 2 cm wide. Eye bars angled back from each eye, narrow and tapering. Jaw stripes along lower edge. Body blotch centers: left, right, left, each about two scale rows long with one scale row gap. Scale direction backward on dorsal, angled down and back on flank.
