Out-of-Scale Body Parts: A Drawing Exercise for Kids

Topic reference / ordinary illustration

Ordinary topic reference. Hypothetical dimensions in the four tasks are supplied in their own text; this illustration is not their measured answer.

Out-of-Scale Body Parts: A Drawing Exercise for Kids

Worked example / complete source key

Draw a monster with a huge ear and tiny feet. Explain each choice in one sentence.

Answer: The monster has an ear drawn about twice the size of its head and feet drawn much smaller than its legs. Reason: the huge ear shows it listens for clues, and the tiny feet show it moves quietly.
