Out-of-Scale Body Parts: A Drawing Exercise for Kids

Original tasks 1, 2 / independent work

Task 1

Draw a monster with a huge mouth and tiny hands. Mark the checklist and write one reason for each change.

Task 2

Draw a monster with tiny eyes and a huge tail. Use the checklist and explain how the tail helps the monster.

Out-of-Scale Body Parts: A Drawing Exercise for Kids

Original tasks 3, 4 / independent work

Task 3

Draw a monster with huge feet and a tiny head. Mark normal, huge, or tiny for four parts and write one sentence about the feet.

Task 4

Draw a monster with one huge arm and one tiny arm. Explain why the arms differ and check your drawing against the rubric.
