Contour Drawing of Fruits and Vegetables: A Beginner's Guide

Original tasks 1, 2 / independent work

Task 1

Draw the contour of a carrot. The carrot is long and tapered, with a few small root hairs near the tip and a leafy top. Describe your line.

Task 2

Draw the contour of a bell pepper. The pepper has three lobes and a stem. Describe how you handle the creases between lobes.

Contour Drawing of Fruits and Vegetables: A Beginner's Guide

Original tasks 3, 4 / independent work

Task 3

Draw the contour of a lemon. The lemon is oval with pointed ends and a slightly bumpy surface. Describe how you show the bumps.

Task 4

Draw the contour of a broccoli floret. The floret has a thick stem and a bumpy, clustered top. Describe how you simplify the bumps into contour lines.
