Draw Greek Column Orders: Labeled Parts Worksheet

Ordinary topic reference / separately checked pixels

Column-order study / source shaft baseline and top datum / labelled cm print 1:2

Doric worked shaft 10 cm / total taper 1 cm / abacus 4 x 1 cm. All small widths/details not specified by the question are declared selected drawing choices. Labels and leaders belong outside the form.

Draw Greek Column Orders: Labeled Parts Worksheet

Original worked example / unchanged complete key

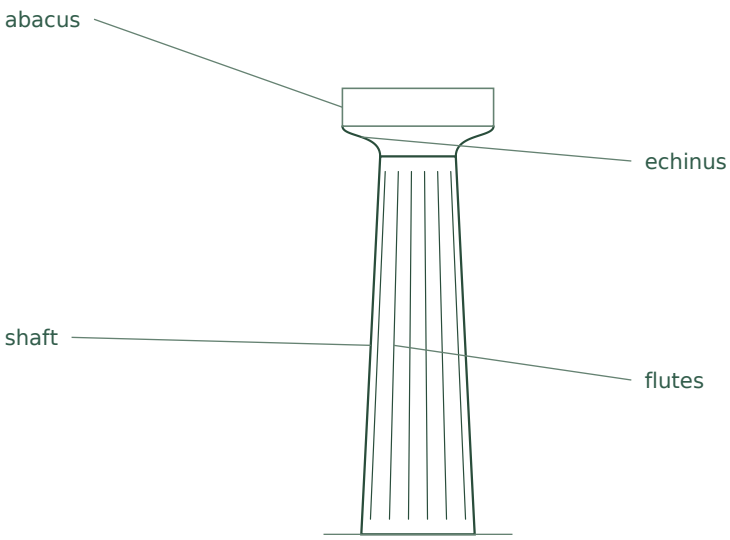

Prompt: Draw a single Doric column on a 10 cm baseline-to-midline shaft using the convention. Label abacus, echinus, shaft and flutes. Use hypothetical dimensions: shaft taper 1 cm total, abacus 4 cm wide and 1 cm tall.

Answer: A vertical center line with two tapering shaft lines from baseline to midline, an abacus rectangle above the midline, an echinus curve connecting shaft to abacus, six shallow flute lines, and four labels placed outside the outline with short leader lines.
