# Paris Landmark Contour Drawing: Blind-Contour Practice with Edge-Only Outlines

Original task 1 / independent drawing and calculation

## Task 1

Draw a 10 cm by 10 cm practice box. Inside it, make a blind contour of the tower's upper tapering section for 60 seconds without looking at the paper. Afterward, write one sentence naming where your line drifted and one where it matched an edge.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

# Paris Landmark Contour Drawing: Blind-Contour Practice with Edge-Only Outlines

Original task 2 / independent drawing and calculation

## Task 2

On a blank page, draw an edge-only outline of the arch. Include the outer silhouette, the opening, and the top horizontal edge. Do not add shading. Label the opening and the top edge in your normal handwriting, keeping each label within 1 cm of its feature.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

# Paris Landmark Contour Drawing: Blind-Contour Practice with Edge-Only Outlines

Original task 3 / independent drawing and calculation

## Task 3

Make two blind contours in separate 8 cm by 8 cm boxes: one of the tower's lower arch and one of the arch's outer curve. Spend 45 seconds on each. Then draw one edge-only plate of either landmark in a 15 cm by 15 cm area, using only silhouette and structural interior edges.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

# Paris Landmark Contour Drawing: Blind-Contour Practice with Edge-Only Outlines

Original task 4 / independent drawing and calculation

## Task 4

Draw an edge-only plate of the tower in a 20 cm by 20 cm area. Include the silhouette, the platform edges, and the inner arch boundary. Write three labels in your normal handwriting, each within 1 cm of its feature. Record the plate height and width in centimeters in the margin.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

## Full drawing sheet / reusable blank workspace

Reusable full drawing sheet for Tasks 1 to 4. Print another copy when needed. Keep all original task measurements; if a task specifies larger paper, use that paper size.
