Santa Negative Space Drawing: See the Gaps, Draw the Shape

Original tasks 1, 2 / independent work

Task 1

A plate has a suit-edge gap 5 cm wide. Your redraw is 5.4 cm wide. With a hypothetical tolerance of plus or minus 0.5 cm, does it pass?

Task 2

A beard gap is 4 cm on the plate and 3 cm on the redraw. What is the difference in centimeters and as a percentage of the plate width?

Santa Negative Space Drawing: See the Gaps, Draw the Shape

Original tasks 3, 4 / independent work

Task 3

You mark baseline at 0 cm and midline at 1 cm. A label is 1.3 cm above baseline. Does it stay within the band?

Task 4

A redraw starts the hat gap at a different point but matches the gap boundary and uses one outline. According to the rubric, is it valid?
