Draw Serpent Scale Rows: Overlap Practice

Topic reference / ordinary illustration

Ordinary topic reference. Hypothetical dimensions in the four tasks are supplied in their own text; this illustration is not their measured answer.

Draw Serpent Scale Rows: Overlap Practice

Worked example / complete source key

A band is 10 cm long with row centers every 1.25 cm. How many row intervals fit, and if each row has 5 scales, how many scales are drawn?

Answer: Eight row intervals fit (10 divided by 1.25 equals 8), and 8 rows times 5 scales equals 40 scales.
