Draw Sugar Granules and Cubes: Shape, Texture, and Practice

Original task 1 / independent drawing and calculation

Task 1

Draw a single granule with three visible facets. Label the lit facet with a short stroke.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Draw Sugar Granules and Cubes: Shape, Texture, and Practice

Original task 2 / independent drawing and calculation

Task 2

Draw a cube using vertical front edges and two parallel receding pairs at the same angle. Round only the corners.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Draw Sugar Granules and Cubes: Shape, Texture, and Practice

Original task 3 / independent drawing and calculation

Task 3

Draw a cluster of six granules with at least two gaps and texture on only two granules.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Draw Sugar Granules and Cubes: Shape, Texture, and Practice

Original task 4 / independent drawing and calculation

Task 4

Draw two stacked cubes sharing one top face, with a scale note that one cube equals four granule units.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Full drawing sheet / reusable blank workspace

Reusable full drawing sheet for Tasks 1 to 4. Print another copy when needed. Keep all original task measurements; if a task specifies larger paper, use that paper size.
