Stylized Figure Drawing: Exaggerated Upper-Body Proportion

Original task 1 / independent drawing and calculation

Task 1

Draw a figure of total height 10 units. Place the hip at 4 units, the knee at 2.5 units, and the ankle at 1 unit above the foot baseline. Label the landmarks.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Stylized Figure Drawing: Exaggerated Upper-Body Proportion

Original task 2 / independent drawing and calculation

Task 2

A figure has total height 9 units, hip at 3 units, knee at 1.5 units, and ankle at 0.5 units above the foot baseline. Calculate both zones and decide whether the upper-body zone is larger.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Stylized Figure Drawing: Exaggerated Upper-Body Proportion

Original task 3 / independent drawing and calculation

Task 3

Draw a neutral and an exaggerated figure side by side, each 8 units tall with a foot baseline at 0. Put the neutral hip at 4 and the exaggerated hip at 3. Label the hip, knee, and ankle.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Stylized Figure Drawing: Exaggerated Upper-Body Proportion

Original task 4 / independent drawing and calculation

Task 4

A student reports an upper-body zone of 4 units and a leg zone of 5 units in a 9-unit figure. Identify the issue and give one correction while keeping total height 9.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Full drawing sheet / reusable blank workspace

Reusable full drawing sheet for Tasks 1 to 4. Print another copy when needed. Keep all original task measurements; if a task specifies larger paper, use that paper size.
