Draw Yourself as a Scientist: Labeled Feature Prompts and Checklist

Topic reference / ordinary illustration

Ordinary topic reference. Hypothetical dimensions in the four tasks are supplied in their own text; this illustration is not their measured answer.

Draw Yourself as a Scientist: Labeled Feature Prompts and Checklist

Worked example / complete source key

A student draws a waist-up self-portrait inside a frame. They draw a lab coat over the torso, goggles on the forehead, and a clipboard in the left hand. They place dots on the coat front, the goggle strap, and the clipboard clip, then write three labels outside the frame with straight lines. Does this meet the checklist?

Answer: Yes. The frame contains a waist-up self-portrait; three scientist attributes are drawn; each has a dot and a straight label line; and the labels match the drawn features. The checklist is satisfied.
