Draw a Cartoon Girl in an Aerobic Exercise Pose

Original task 1 / independent drawing and calculation

Task 1

Draw a cartoon girl with both arms raised overhead and both feet on the ground. Use head height as the unit: torso 1.5 head heights, each limb segment 1 head height. Add a ground line.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Draw a Cartoon Girl in an Aerobic Exercise Pose

Original task 2 / independent drawing and calculation

Task 2

Draw a cartoon girl with the right arm raised and bent, the left arm extended outward, the right knee lifted forward, and the left leg straight. Use a ground line.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Draw a Cartoon Girl in an Aerobic Exercise Pose

Original task 3 / independent drawing and calculation

Task 3

Draw a cartoon girl in an aerobic pose with one arm raised and one leg lifted, but make the torso two head heights instead of one and a half. Keep limb segments at one head height. Explain how the figure changes.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Draw a Cartoon Girl in an Aerobic Exercise Pose

Original task 4 / independent drawing and calculation

Task 4

Draw a cartoon girl in an aerobic pose with one arm raised and one leg lifted. Add a short title using lowercase letters. Define x-height as baseline to midline and check that your letters fit the panel.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Full drawing sheet / reusable blank workspace

Reusable full drawing sheet for Tasks 1 to 4. Print another copy when needed. Keep all original task measurements; if a task specifies larger paper, use that paper size.
