Rabbit Gesture Drawing with Motion Lines: Timed Practice

Original task 1 / independent drawing and calculation

Task 1

A rabbit crouches low, preparing to spring forward to the left. Draw the spine line and two hind limb direction lines. Add motion lines only if the pose sentence implies movement. Use a 30-second hypothetical interval.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Rabbit Gesture Drawing with Motion Lines: Timed Practice

Original task 2 / independent drawing and calculation

Task 2

A rabbit turns sharply to the right while running. Draw a spine line that shows the twist, add front limb direction lines, and place motion lines that indicate the turn. Use a 60-second hypothetical interval.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Rabbit Gesture Drawing with Motion Lines: Timed Practice

Original task 3 / independent drawing and calculation

Task 3

A rabbit hops slowly forward. Draw the spine line, one front limb line, and motion lines with wide spacing. Use a 120-second hypothetical interval and label any spacing value as a hypothetical example.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Rabbit Gesture Drawing with Motion Lines: Timed Practice

Original task 4 / independent drawing and calculation

Task 4

A rabbit sits upright and still, looking left. Draw the spine line and limb direction lines. Decide whether motion lines are needed and justify your choice in one sentence. Use a 30-second hypothetical interval.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Full drawing sheet / reusable blank workspace

Reusable full drawing sheet for Tasks 1 to 4. Print another copy when needed. Keep all original task measurements; if a task specifies larger paper, use that paper size.
