# Grayscale Shark Value Study: Tonal Drawing Guide

Original task 1 / independent drawing and calculation

## Task 1

Draw a value scale with five squares labeled 0, 2, 5, 8, and 10. Fill each square with a flat tone. Describe how you check that each labeled square is progressively darker than the previous one.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

# Grayscale Shark Value Study: Tonal Drawing Guide

Original task 2 / independent drawing and calculation

## Task 2

A shark's back is value 3 and its belly is value 7. A pectoral fin projecting from the side casts a shadow onto the body just behind and below it. What value should the shadow be? Explain your choice using the value scale.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

# Grayscale Shark Value Study: Tonal Drawing Guide

Original task 3 / independent drawing and calculation

## Task 3

Sketch a simple shark side view using only three values: 3 for the back, 5 for the midline, and 8 for the belly. Do not draw an outline. Describe where you place each value and how you keep the shark's shape readable.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

# Grayscale Shark Value Study: Tonal Drawing Guide

Original task 4 / independent drawing and calculation

## Task 4

Your shark drawing looks flat. You have used values 3, 5, and 8, but the belly and the midline look too similar. What is one specific change you can make, and how will you check that it worked?

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

## Full drawing sheet / reusable blank workspace

Reusable full drawing sheet for Tasks 1 to 4. Print another copy when needed. Keep all original task measurements; if a task specifies larger paper, use that paper size.
