Draw a Soccer Practice Scene: Players, Cones, and Field Markings

Original task 1 / independent drawing and calculation

Task 1

On a hypothetical 20 cm by 15 cm sheet, draw a border 1 cm inside, a midline at half height, and two cone groups: one line of three cones at 5 cm from the bottom border spaced 3 cm apart, and one square of four cones near the center. Add two players near the line and one near the square. Use the simple figure convention.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Draw a Soccer Practice Scene: Players, Cones, and Field Markings

Original task 2 / independent drawing and calculation

Task 2

Draw a scene with a center circle of 2.5 cm radius, a cone line of four cones at 4 cm spacing, and four players arranged so two face the cone line and two face the center circle. State your cone convention in one sentence.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Draw a Soccer Practice Scene: Players, Cones, and Field Markings

Original task 3 / independent drawing and calculation

Task 3

Create a scene with one penalty area rectangle 8 cm wide and 5 cm deep, a cone group of three cones inside the penalty area spaced 2 cm apart, and two players outside the penalty area facing it. Use lighter lines for markings.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Draw a Soccer Practice Scene: Players, Cones, and Field Markings

Original task 4 / independent drawing and calculation

Task 4

Draw a scene with two cone lines: one with three cones at 3 cm spacing and one with four cones at 2 cm spacing. Add five players distributed across the scene with at least 2 cm between player guides. Include a midline and center circle.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Full drawing sheet / reusable blank workspace

Reusable full drawing sheet for Tasks 1 to 4. Print another copy when needed. Keep all original task measurements; if a task specifies larger paper, use that paper size.
