Draw a Soccer Practice Scene: Players, Cones, and Field Markings

Original worked example / unchanged complete key

Prompt: On a hypothetical 28 cm by 20 cm sheet, draw a border 1 cm inside, a midline at half height, a center circle with 3 cm radius, one cone line at 6 cm from the bottom border with four cones spaced 4 cm apart, and three players: two near the cone line and one near the center circle. Use the simple figure convention and add direction lines.

Answer: The drawing area is 26 cm by 18 cm. The midline is 9 cm from the top edge of the drawing area (10 cm from the paper's top edge). The center circle has a 3 cm radius. The cone line is 6 cm from the bottom border, with cones at 4 cm spacing. Two players stand 2 cm behind the cone line facing it; one player stands 2 cm from the center circle facing the cones. Field markings are lighter than figures. Each player has a direction line. The scene reads from cone line to players to center circle.
