Order of Operations with Fractions Worksheets

STUDENT / CASE 1

Evaluate 1/2 + (1/3) x (3/4). Show the multiplication before the addition.

Step	Expression
Multiply	1/3 x 3/4
Then add	1/2 + previous result

Your answer and reasoning:

_____

_____

Order of Operations with Fractions Worksheets

STUDENT / CASE 2

Evaluate 1/2 + (2/3) x (3/4). Show the multiplication before the addition.

Step	Expression
Multiply	2/3 x 3/4
Then add	1/2 + previous result

Your answer and reasoning:

_____

_____

Order of Operations with Fractions Worksheets

STUDENT / CASE 3

Evaluate 1/2 + (3/3) x (3/4). Show the multiplication before the addition.

Step	Expression
Multiply	3/3 x 3/4
Then add	1/2 + previous result

Your answer and reasoning:

_____

_____

Order of Operations with Fractions Worksheets

STUDENT / CASE 4

Evaluate 1/2 + (4/3) x (3/4). Show the multiplication before the addition.

Step	Expression
Multiply	4/3 x 3/4
Then add	1/2 + previous result

Your answer and reasoning:

_____

_____
