Long Division with Remainders Worksheets

STUDENT / CASE 1

Divide 125 by 4. Give a whole-number quotient and remainder, then check by multiplication.

Dividend	Divisor	Quotient	Remainder
125	4	?	?

Your answer and reasoning:

_____

_____

Long Division with Remainders Worksheets

STUDENT / CASE 2

Divide 148 by 5. Give a whole-number quotient and remainder, then check by multiplication.

Dividend	Divisor	Quotient	Remainder
148	5	?	?

Your answer and reasoning:

_____

_____

Long Division with Remainders Worksheets

STUDENT / CASE 3

Divide 171 by 6. Give a whole-number quotient and remainder, then check by multiplication.

Dividend	Divisor	Quotient	Remainder
171	6	?	?

Your answer and reasoning:

_____

_____

Long Division with Remainders Worksheets

STUDENT / CASE 4

Divide 194 by 7. Give a whole-number quotient and remainder, then check by multiplication.

Dividend	Divisor	Quotient	Remainder
194	7	?	?

Your answer and reasoning:

_____

_____
