Reading and Drawing Clock Hands Worksheets

REFERENCE / CASE 1

Draw the clock hands for 2:15. Explain where the hour hand belongs.

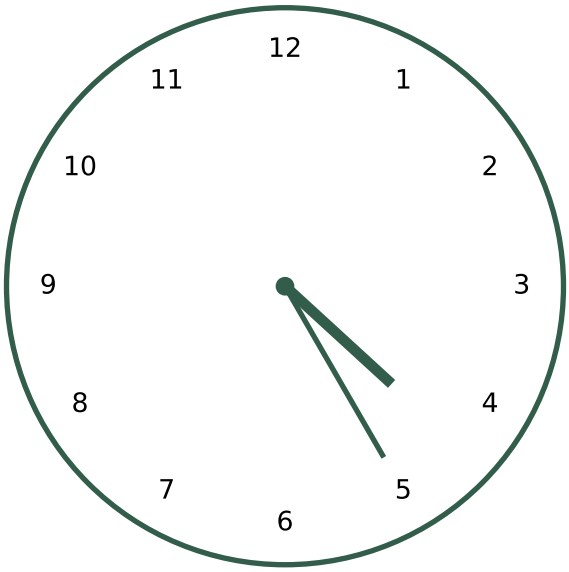

METHOD: The minute hand moves 6 degrees per minute: 15 x 6 = 90. The hour hand moves continuously, advancing half a degree per minute after the hour.
Use the separate practice sheet before checking the answer.

Reading and Drawing Clock Hands Worksheets

REFERENCE / CASE 2

Draw the clock hands for 4:25. Explain where the hour hand belongs.

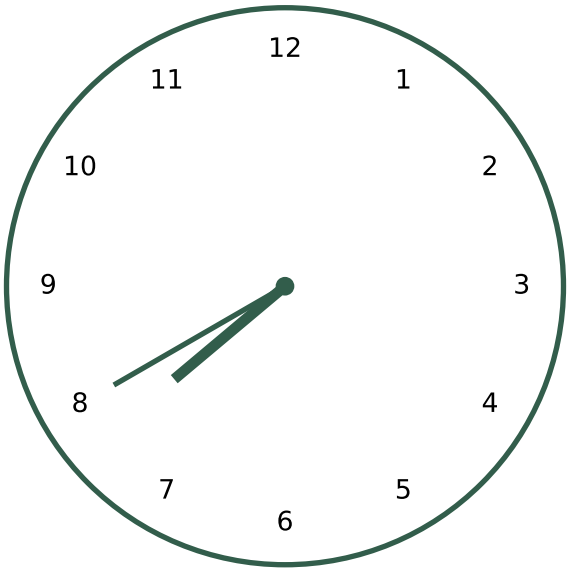

METHOD: The minute hand moves 6 degrees per minute: 25 x 6 = 150. The hour hand moves continuously, advancing half a degree per minute after the hour.
Use the separate practice sheet before checking the answer.

Reading and Drawing Clock Hands Worksheets
