How to Draw Ladybug — Free Practice Sheets

REFERENCE / CASE 1

ladybug: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

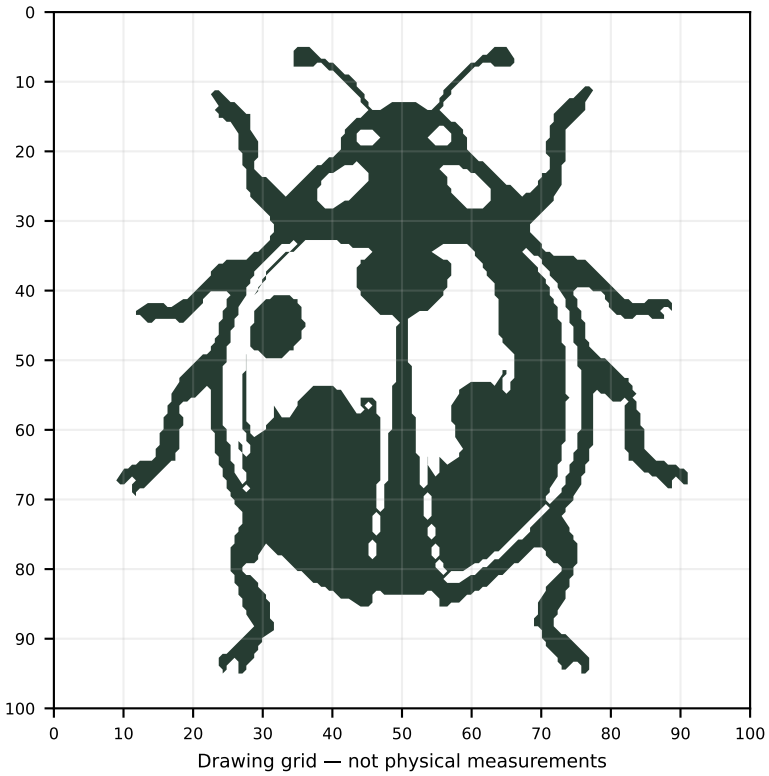

METHOD: Draw a large oval for the domed shell and divide it with a central vertical line. Add a smaller rounded head at the top with two antennae extending upward. Attach three legs on each side of the body, angling them outward. Draw spots on the shell and outline the split between the wing covers.
Use the separate practice sheet before checking the answer.
