How to Draw Ladybug — Free Practice Sheets

ANSWER / CASE 1

ladybug: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

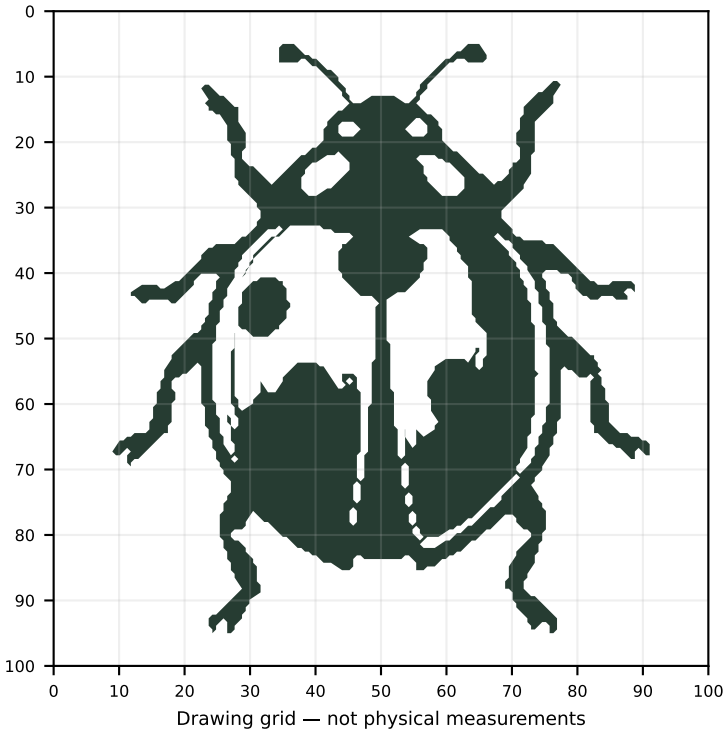

ANSWER: Example solution: preserve Domed, split shell with a central vertical seam, Rounded head with two antennae, Six legs attached to the body. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw a large oval for the domed shell and divide it with a central vertical line.
2. Add a smaller rounded head at the top with two antennae extending upward.
3. Attach three legs on each side of the body, angling them outward.
4. Draw spots on the shell and outline the split between the wing covers.
