How to Draw Lizard — Free Practice Sheets

REFERENCE / CASE 1

lizard: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

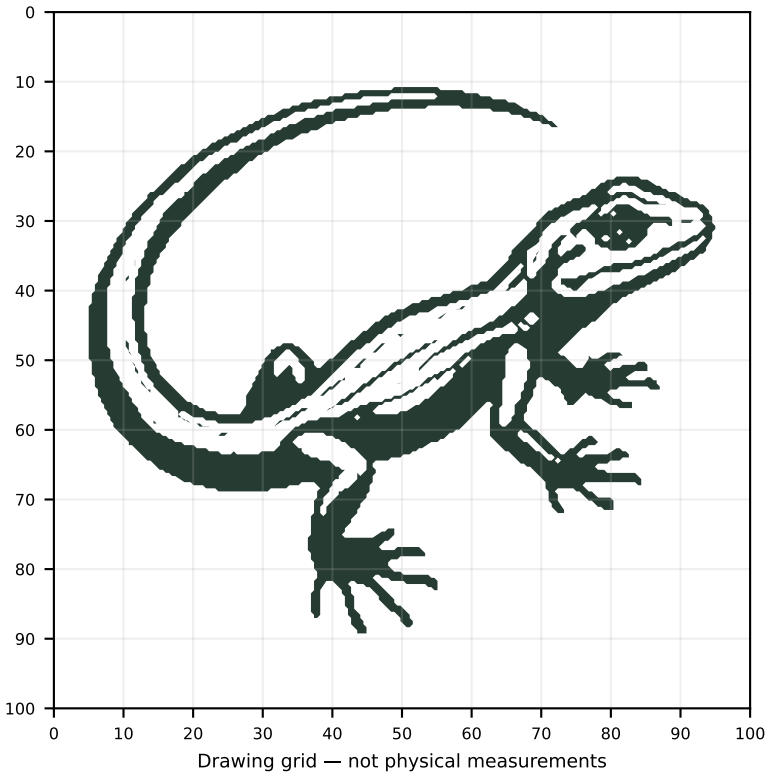

METHOD: Draw the elongated head with the eye and mouth line, then extend a curved neck into the body. Add the long tail as a sweeping curve that arcs up and to the left from the rear of the body. Draw the four splayed legs with spread toes, attaching the front pair near the shoulders and the rear pair near the hips. Outline the body with a dark border and add a lighter dorsal stripe running from the head down the back.
Use the separate practice sheet before checking the answer.
