How to Draw Seal — Free Practice Sheets

ANSWER / CASE 1

seal: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

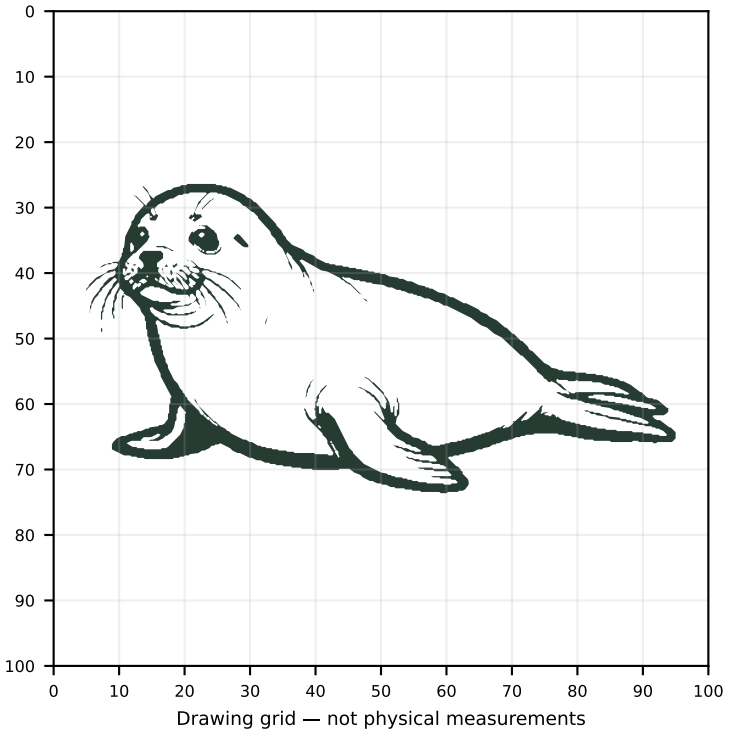

ANSWER: Example solution: preserve smooth torpedo-shaped body tapering toward the rear, rounded head with prominent whiskers and small ear openings, two visible front flippers and a rear tail/flipper section. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw the elongated, torpedo-like body outline from the rounded head to the tapered rear.
2. Add the rounded head details: eyes, small nose, ear marks, and long whiskers.
3. Sketch the front flippers extending downward from the chest area.
4. Draw the rear flippers/tail at the back end of the body to complete the silhouette.

How to Draw Seal — Free Practice Sheets

ANSWER / CASE 2

seal: Copy the reference onto the blank grid, using matching grid intersections. Compare with the separate full reference sheet.

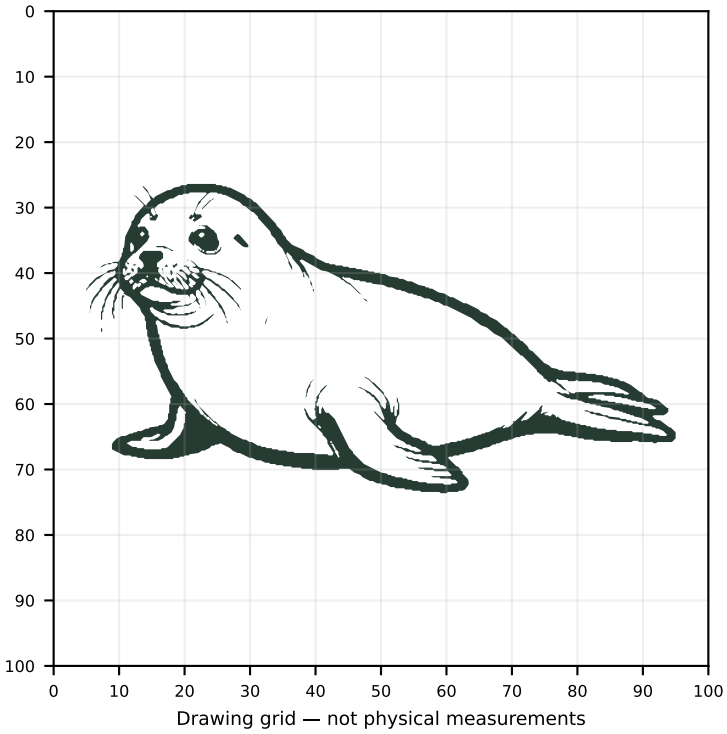

ANSWER: Example solution: preserve smooth torpedo-shaped body tapering toward the rear, rounded head with prominent whiskers and small ear openings, two visible front flippers and a rear tail/flipper section. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw the elongated, torpedo-like body outline from the rounded head to the tapered rear.
2. Add the rounded head details: eyes, small nose, ear marks, and long whiskers.
3. Sketch the front flippers extending downward from the chest area.
4. Draw the rear flippers/tail at the back end of the body to complete the silhouette.

How to Draw Seal — Free Practice Sheets

ANSWER / CASE 3

seal: Use the bounding frame and center guide to place the silhouette, then add the identifying details. Compare with the separate full reference sheet.

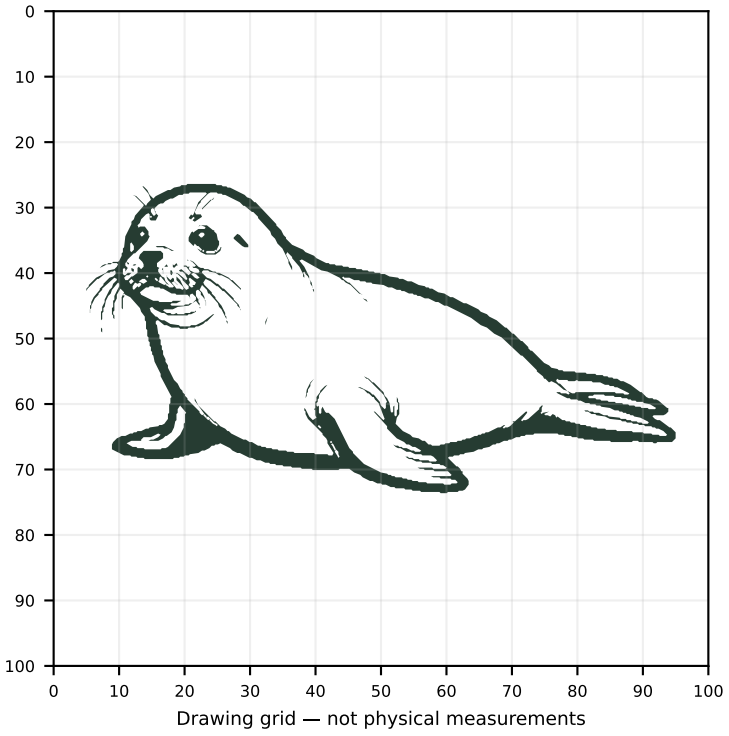

ANSWER: Example solution: preserve smooth torpedo-shaped body tapering toward the rear, rounded head with prominent whiskers and small ear openings, two visible front flippers and a rear tail/flipper section. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw the elongated, torpedo-like body outline from the rounded head to the tapered rear.
2. Add the rounded head details: eyes, small nose, ear marks, and long whiskers.
3. Sketch the front flippers extending downward from the chest area.
4. Draw the rear flippers/tail at the back end of the body to complete the silhouette.

How to Draw Seal — Free Practice Sheets

ANSWER / CASE 4

seal: Complete the blank right-hand portion using the full reference. Compare with the separate full reference sheet.

ANSWER: Example solution: preserve smooth torpedo-shaped body tapering toward the rear, rounded head with prominent whiskers and small ear openings, two visible front flippers and a rear tail/flipper section. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw the elongated, torpedo-like body outline from the rounded head to the tapered rear.
2. Add the rounded head details: eyes, small nose, ear marks, and long whiskers.
3. Sketch the front flippers extending downward from the chest area.
4. Draw the rear flippers/tail at the back end of the body to complete the silhouette.
