How to Draw Orca — Free Practice Sheets

ANSWER / CASE 1

orca: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

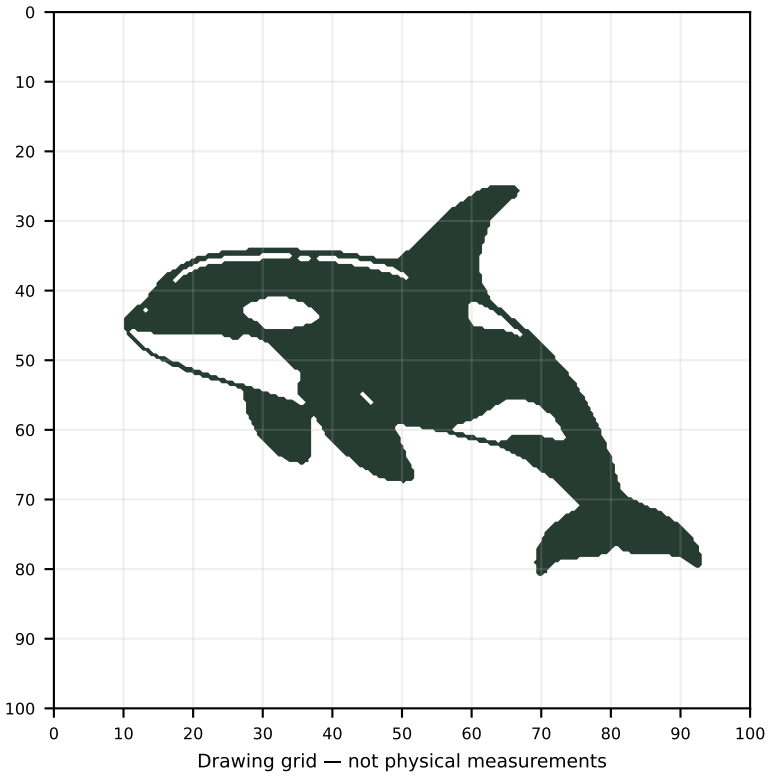

ANSWER: Example solution: preserve curved black dorsal fin on the back, white oval eye patch behind the head, white chin/jaw and belly patch along the lower body. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw the main body as a smooth, elongated oval tapering toward the tail.
2. Add the curved dorsal fin on the upper back and the two pectoral flippers on the lower sides.
3. Draw the tail flukes as a horizontal two-lobed shape at the rear.
4. Outline the white markings: the oval eye patch, the chin/jaw area, and the belly patch.

ANSWER / CASE 3

orca: Use the bounding frame and center guide to place the silhouette, then add the identifying details. Compare with the separate full reference sheet.

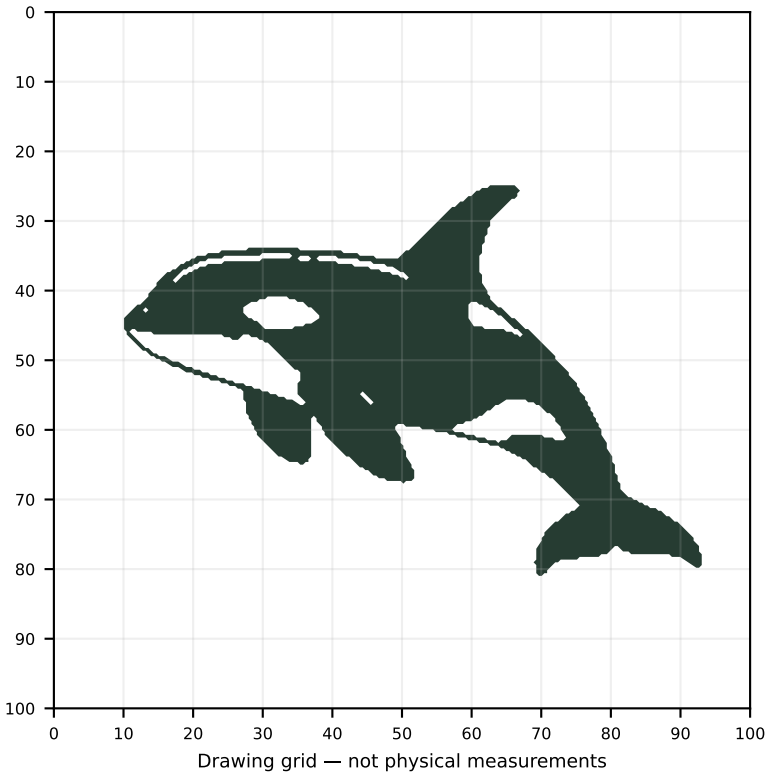

ANSWER: Example solution: preserve curved black dorsal fin on the back, white oval eye patch behind the head, white chin/jaw and belly patch along the lower body. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw the main body as a smooth, elongated oval tapering toward the tail.
2. Add the curved dorsal fin on the upper back and the two pectoral flippers on the lower sides.
3. Draw the tail flukes as a horizontal two-lobed shape at the rear.
4. Outline the white markings: the oval eye patch, the chin/jaw area, and the belly patch.

How to Draw Orca — Free Practice Sheets

ANSWER / CASE 4

orca: Complete the blank right-hand portion using the full reference. Compare with the separate full reference sheet.

ANSWER: Example solution: preserve curved black dorsal fin on the back, white oval eye patch behind the head, white chin/jaw and belly patch along the lower body. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw the main body as a smooth, elongated oval tapering toward the tail.
2. Add the curved dorsal fin on the upper back and the two pectoral flippers on the lower sides.
3. Draw the tail flukes as a horizontal two-lobed shape at the rear.
4. Outline the white markings: the oval eye patch, the chin/jaw area, and the belly patch.
