How to Draw Orca — Free Practice Sheets

REFERENCE / CASE 1

orca: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

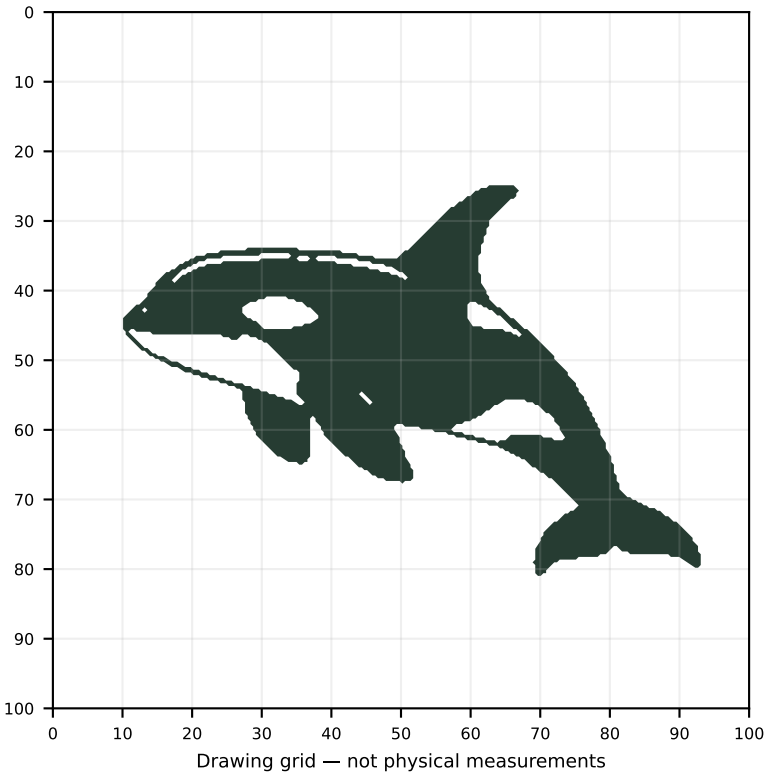

METHOD: Draw the main body as a smooth, elongated oval tapering toward the tail. Add the curved dorsal fin on the upper back and the two pectoral flippers on the lower sides. Draw the tail flukes as a horizontal two-lobed shape at the rear. Outline the white markings: the oval eye patch, the chin/jaw area, and the belly patch.
Use the separate practice sheet before checking the answer.
