How to Draw Scorpion — Free Practice Sheets

ANSWER / CASE 1

scorpion: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

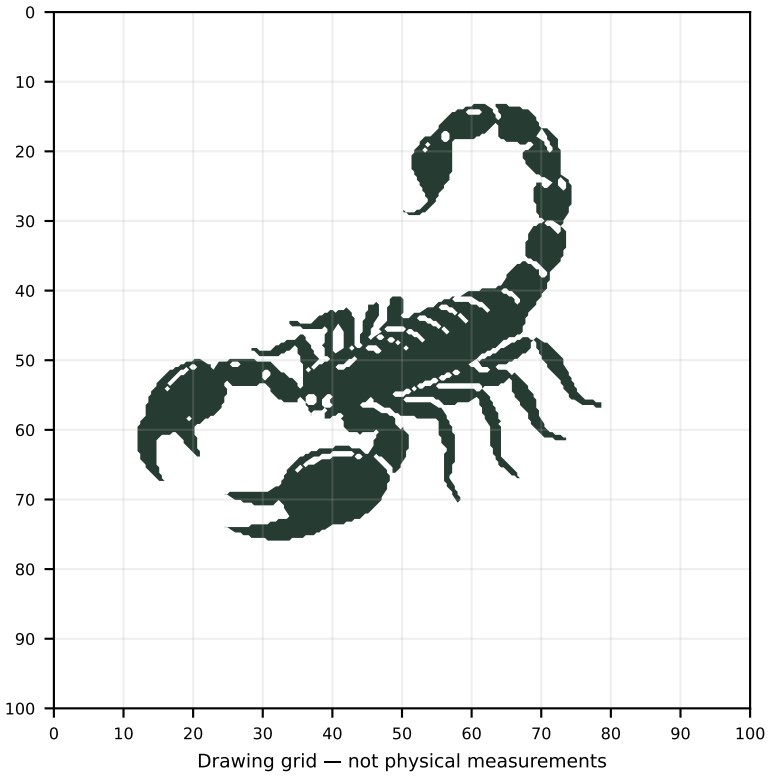

ANSWER: Example solution: preserve curved tail with stinger, pincers, segmented body. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw the segmented body as a series of overlapping oval segments.
2. Add the curved tail extending upward from the rear of the body, ending in a stinger.
3. Attach two large pincers to the front of the body.
4. Draw four pairs of legs along the sides of the body, ensuring correct attachment.

ANSWER / CASE 2

scorpion: Copy the reference onto the blank grid, using matching grid intersections. Compare with the separate full reference sheet.

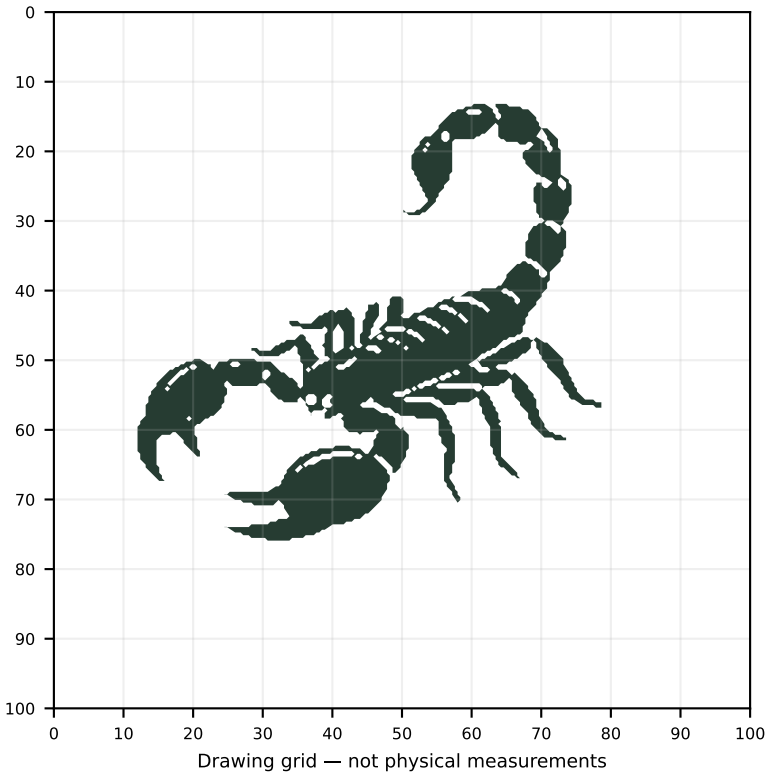

ANSWER: Example solution: preserve curved tail with stinger, pincers, segmented body. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw the segmented body as a series of overlapping oval segments.
2. Add the curved tail extending upward from the rear of the body, ending in a stinger.
3. Attach two large pincers to the front of the body.
4. Draw four pairs of legs along the sides of the body, ensuring correct attachment.

How to Draw Scorpion — Free Practice Sheets

ANSWER / CASE 3

scorpion: Use the bounding frame and center guide to place the silhouette, then add the identifying details. Compare with the separate full reference sheet.

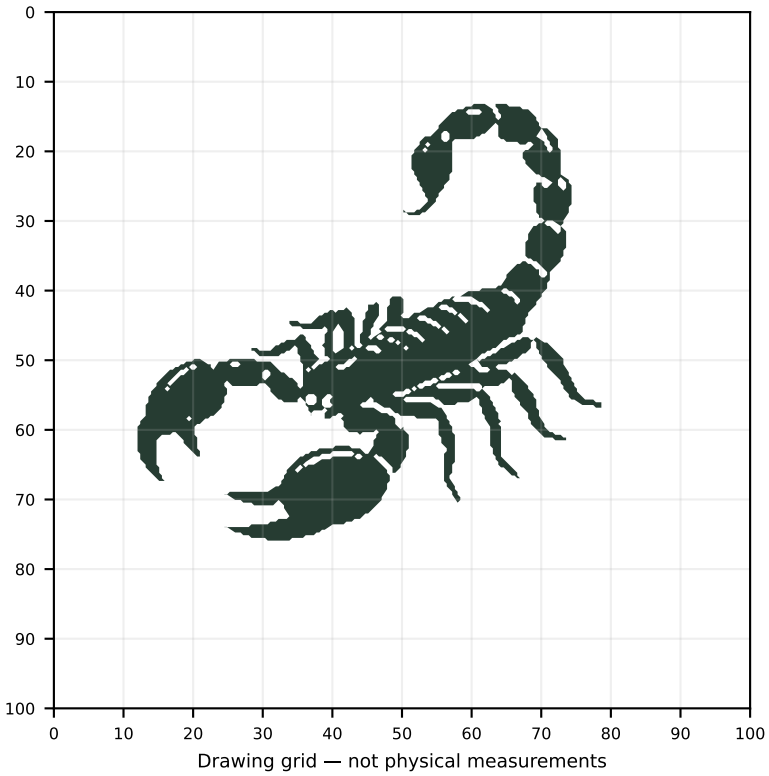

ANSWER: Example solution: preserve curved tail with stinger, pincers, segmented body. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw the segmented body as a series of overlapping oval segments.
2. Add the curved tail extending upward from the rear of the body, ending in a stinger.
3. Attach two large pincers to the front of the body.
4. Draw four pairs of legs along the sides of the body, ensuring correct attachment.

How to Draw Scorpion — Free Practice Sheets

ANSWER / CASE 4

scorpion: Complete the blank right-hand portion using the full reference. Compare with the separate full reference sheet.

ANSWER: Example solution: preserve curved tail with stinger, pincers, segmented body. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw the segmented body as a series of overlapping oval segments.
2. Add the curved tail extending upward from the rear of the body, ending in a stinger.
3. Attach two large pincers to the front of the body.
4. Draw four pairs of legs along the sides of the body, ensuring correct attachment.
