How to Draw Scorpion — Free Practice Sheets

REFERENCE / CASE 1

scorpion: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

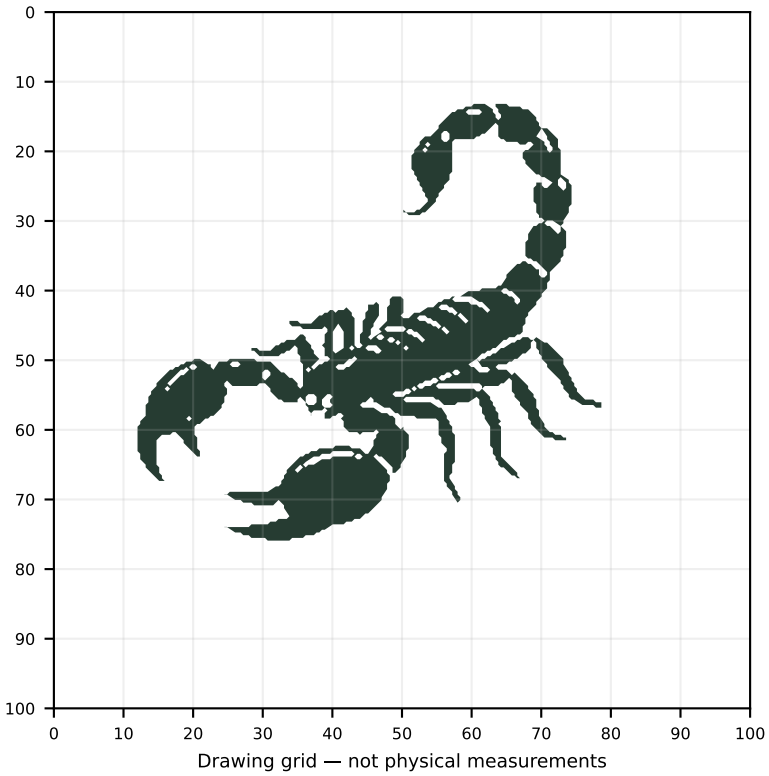

METHOD: Draw the segmented body as a series of overlapping oval segments. Add the curved tail extending upward from the rear of the body, ending in a stinger. Attach two large pincers to the front of the body. Draw four pairs of legs along the sides of the body, ensuring correct attachment.
Use the separate practice sheet before checking the answer.
