How to Draw Beetle — Free Practice Sheets

ANSWER / CASE 1

beetle: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

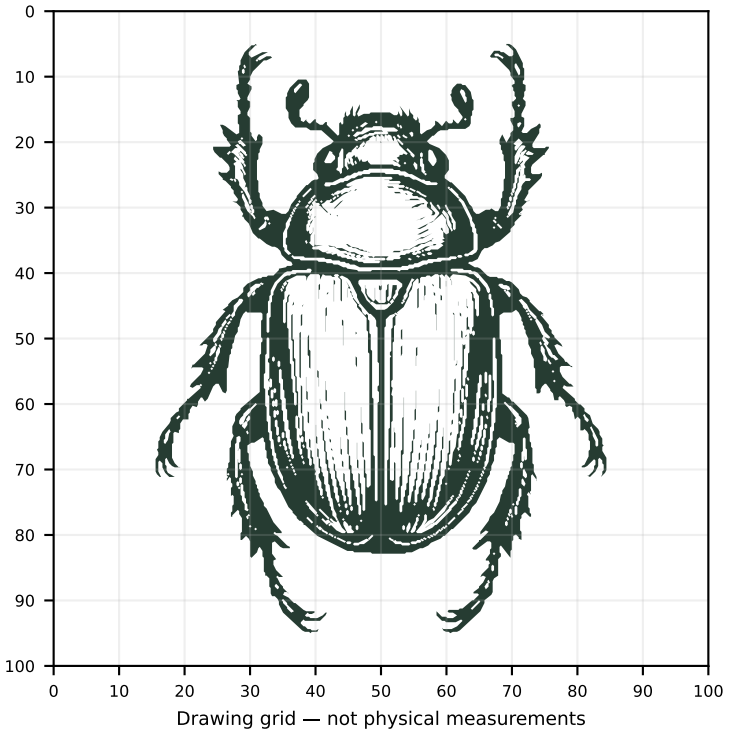

ANSWER: Example solution: preserve hard shell wing covers with vertical striations, six legs attached to the body, two antennae on the head. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw a vertical oval for the main body (elytra) with a center seam and vertical lines.
2. Add a rounded pronotum above the body and a smaller head with two antennae.
3. Attach three legs on each side of the body, showing joints and claws.
4. Outline the wing covers and add line details for texture.

How to Draw Beetle — Free Practice Sheets

ANSWER / CASE 2

beetle: Copy the reference onto the blank grid, using matching grid intersections. Compare with the separate full reference sheet.

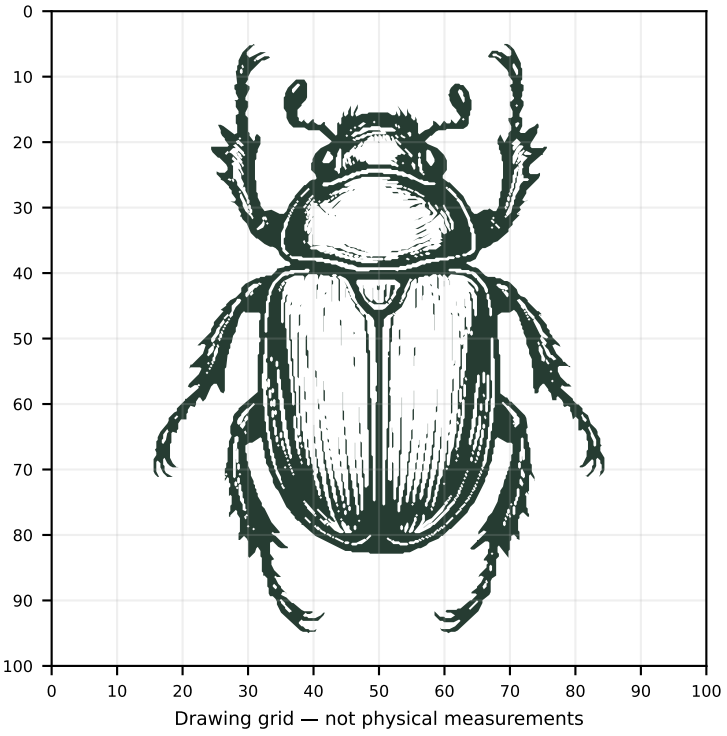

ANSWER: Example solution: preserve hard shell wing covers with vertical striations, six legs attached to the body, two antennae on the head. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw a vertical oval for the main body (elytra) with a center seam and vertical lines.
2. Add a rounded pronotum above the body and a smaller head with two antennae.
3. Attach three legs on each side of the body, showing joints and claws.
4. Outline the wing covers and add line details for texture.

How to Draw Beetle — Free Practice Sheets

ANSWER / CASE 3

beetle: Use the bounding frame and center guide to place the silhouette, then add the identifying details. Compare with the separate full reference sheet.

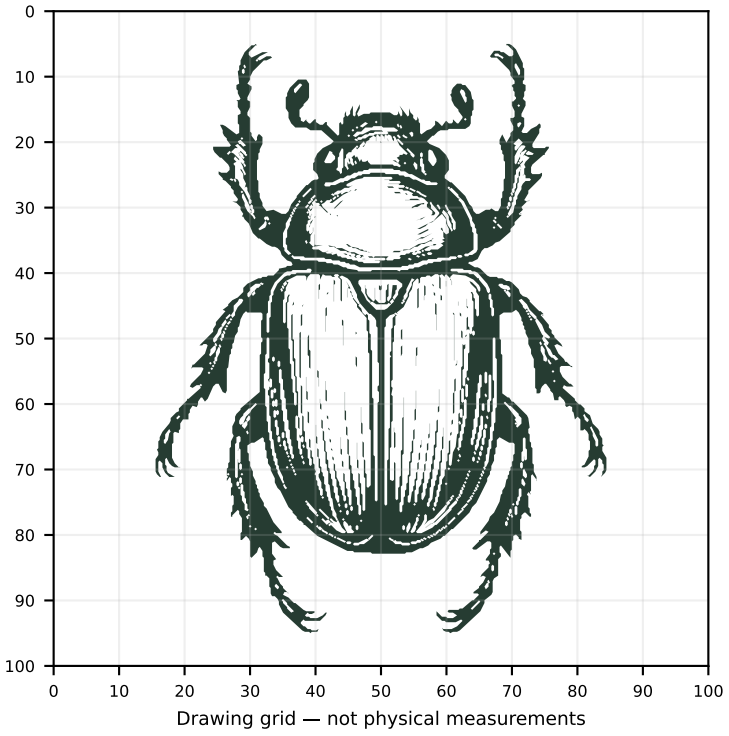

ANSWER: Example solution: preserve hard shell wing covers with vertical striations, six legs attached to the body, two antennae on the head. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw a vertical oval for the main body (elytra) with a center seam and vertical lines.
2. Add a rounded pronotum above the body and a smaller head with two antennae.
3. Attach three legs on each side of the body, showing joints and claws.
4. Outline the wing covers and add line details for texture.

How to Draw Beetle — Free Practice Sheets

ANSWER / CASE 4

beetle: Complete the blank right-hand portion using the full reference. Compare with the separate full reference sheet.

ANSWER: Example solution: preserve hard shell wing covers with vertical striations, six legs attached to the body, two antennae on the head. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw a vertical oval for the main body (elytra) with a center seam and vertical lines.
2. Add a rounded pronotum above the body and a smaller head with two antennae.
3. Attach three legs on each side of the body, showing joints and claws.
4. Outline the wing covers and add line details for texture.
