How to Draw Crawfish — Free Practice Sheets

REFERENCE / CASE 1

crawfish: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

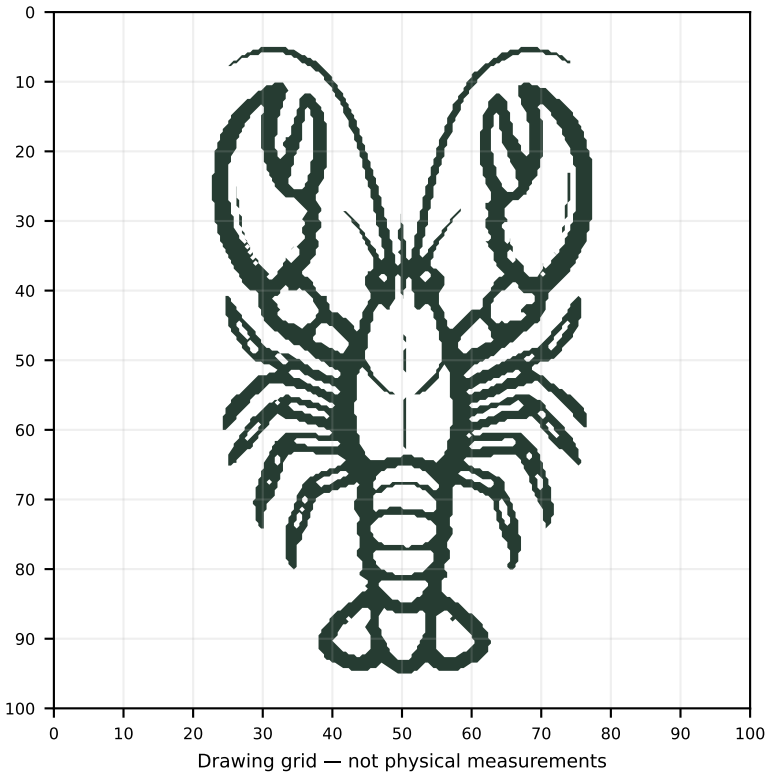

METHOD: Draw a central vertical oval for the cephalothorax and a segmented, tapering tail below it. Add two large claw arms on either side, mirroring the curved pincers at the top. Attach several thin, jointed walking legs along the lower sides of the body. Draw long antennae from the head and finish the tail with a small fan-shaped tip.
Use the separate practice sheet before checking the answer.
