How to Draw Fox — Free Practice Sheets

ANSWER / CASE 1

fox: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

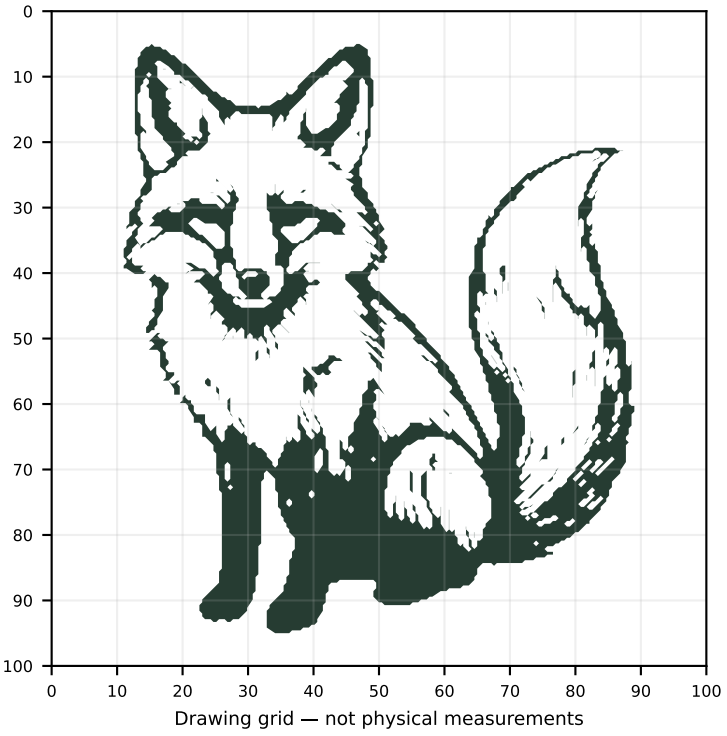

ANSWER: Example solution: preserve pointed triangular ears, long bushy tail, narrow snout. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw the head as a rounded shape with two large pointed triangular ears on top and a narrow snout tapering to a small nose.
2. Add the neck and chest as a broad fluffy area below the head, using curved lines to suggest fur.
3. Sketch the seated body with two visible front legs descending straight down and a rounded hindquarter area.
4. Attach a large bushy tail curving upward on the right side, then add facial details and fur texture lines.
