How to Draw Sloth — Free Practice Sheets

ANSWER / CASE 1

sloth: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

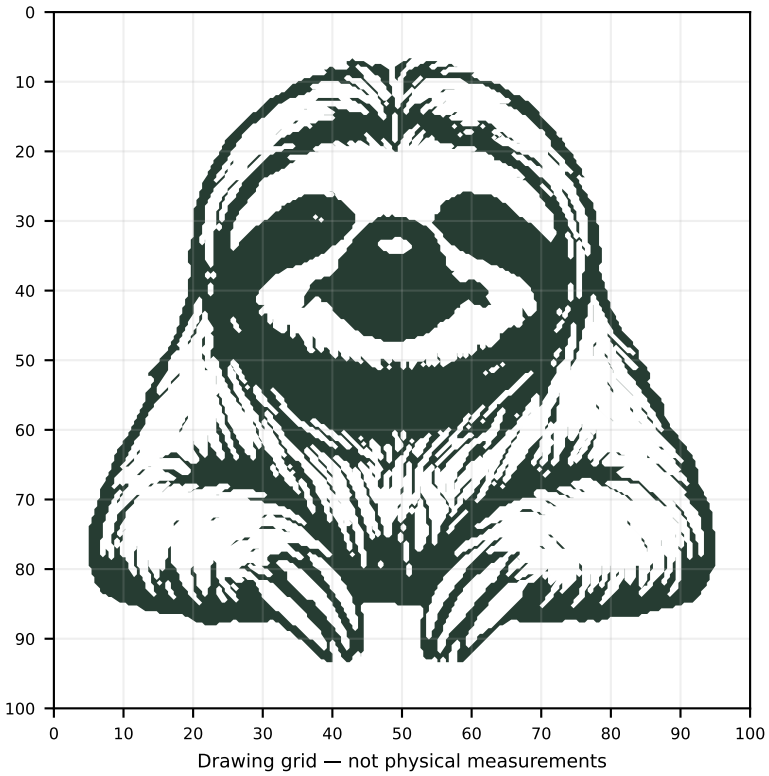

ANSWER: Example solution: preserve long curved claws on both front limbs, round shaggy body with textured fur outline, masked face with dark eye patches and slow, gentle expression. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw a large rounded dome for the head and body silhouette, wider at the base.
2. Add the facial mask: two dark curved patches around the eyes, a central nose, and a small smiling mouth.
3. Sketch the two front arms resting forward, ending in paws with three long curved claws each.
4. Fill the body and head with flowing curved fur lines radiating outward from the face.

ANSWER / CASE 3

sloth: Use the bounding frame and center guide to place the silhouette, then add the identifying details. Compare with the separate full reference sheet.

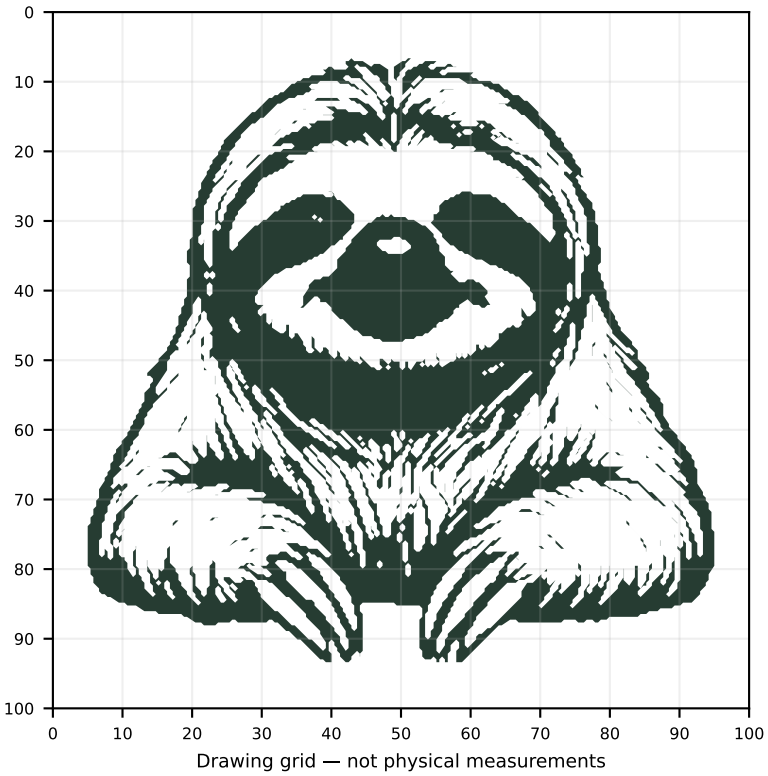

ANSWER: Example solution: preserve long curved claws on both front limbs, round shaggy body with textured fur outline, masked face with dark eye patches and slow, gentle expression. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw a large rounded dome for the head and body silhouette, wider at the base.
2. Add the facial mask: two dark curved patches around the eyes, a central nose, and a small smiling mouth.
3. Sketch the two front arms resting forward, ending in paws with three long curved claws each.
4. Fill the body and head with flowing curved fur lines radiating outward from the face.

How to Draw Sloth — Free Practice Sheets

ANSWER / CASE 4

sloth: Complete the blank right-hand portion using the full reference. Compare with the separate full reference sheet.

ANSWER: Example solution: preserve long curved claws on both front limbs, round shaggy body with textured fur outline, masked face with dark eye patches and slow, gentle expression. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw a large rounded dome for the head and body silhouette, wider at the base.
2. Add the facial mask: two dark curved patches around the eyes, a central nose, and a small smiling mouth.
3. Sketch the two front arms resting forward, ending in paws with three long curved claws each.
4. Fill the body and head with flowing curved fur lines radiating outward from the face.
