How to Draw Bear — Free Practice Sheets

ANSWER / CASE 1

bear: Trace the reference outline, then practise the contour independently. Compare with the separate full reference sheet.

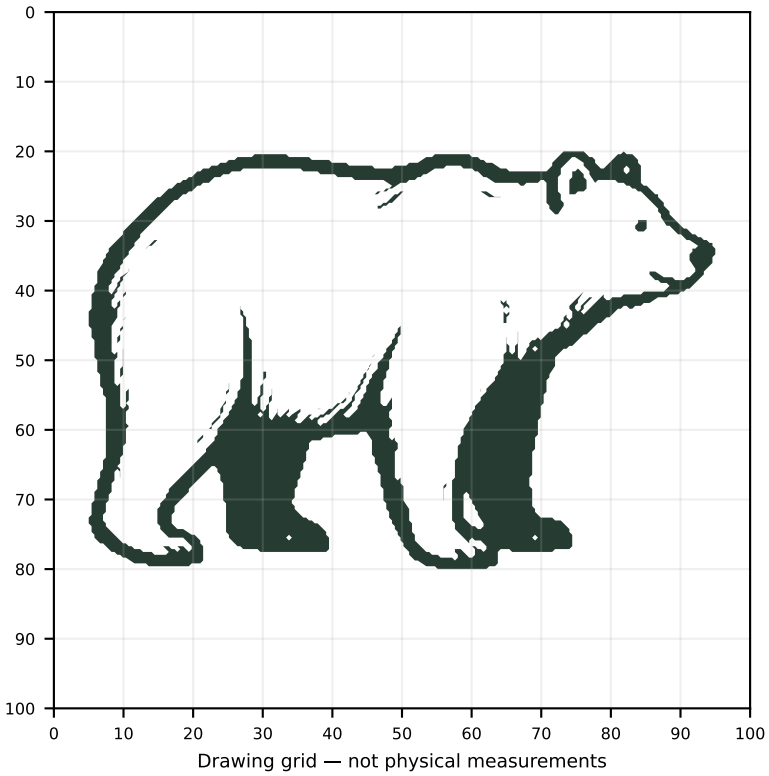

ANSWER: Example solution: preserve large rounded body with a humped back, short snout with a small eye and nose, small rounded ears on top of the head. Other drawings can be correct; assess the visible features and proportions rather than pixel-perfect matching.
1. Draw the large rounded body outline with a slight hump over the shoulders and a sloping back.
2. Add the head at the right side: short snout, small eye, nose, and two small rounded ears.
3. Sketch four legs attached under the body, using dark shading to indicate fur and foot placement.
4. Outline the neck and chest fur with simple curved lines to connect the head to the body.
